THE CITY OF WHEELING IS WELCOMED

By the People of the River Towns on Her First Trial Trip Yesterday.

NEW BOAT IS VERY FAST

And is Expected to Show a Clean Pair of Heels to Anything on the River.

The new packet, City of Wheeling, which came to this port in an unfinished state during the summer, and has been receiving her cabin outfit and other furnishings since, cleared yesterday morning on her first trial trip since her completion a few days ago. She got away at 8:30 a. m., drawing twenty-nine inches, about all the water there was in the river, and proceeded to Clarksburg, where she discharged the rubbish that had accumulated during her stay here. She left Clarksburg at 5:30 and reached Wheeling again at 10:30 p. m., doing considerable way business en route.

At all of the river towns yesterday, notably Bellaire, Moundsville, McMechen, Franklin, Powhatan and Clarksburg the arrival of the trial City of Wheeling was the occasion for large crowds assembling at the landings and great enthusiasm. Thousands boarded the boat during the day, and were loud in their admiration of the packet.

Her Fine Points.

Captains Thad Thomas, Ev. Thomas and George Uppman, owners of the City of Wheeling, when seen last night on the boat, after her arrival from below, were enthusiastic in pronouncing her the finest packet they ever saw. Captains Scott Heatherington and John Heatherington, the well known Bellaire steamboatmen, made the trip, and united in saying that the Wheeling is the best boat of her size they ever saw. The Wheeling, it is said by all who have seen her under steam, is capable of great speed, is economical in fuel and handles beautifully. Her pilots and firemen, especially, will find their positions easy jobs. Of course, with barely enough water in the channel for the steamboat, she was not tried for speed, but all who made the trip expressed themselves confident that she would be as fast or faster than anything on the upper Ohio. She has the engines of the old City of Savannah, which were built for a much larger boat than the Wheeling, and that they will send the latter through the water at a speedy clip is well assured. Before many moons the Wheeling will have had the opportunity to indulge in brushes with the Virginia, Queen City and other fast ones, and it will be demonstrated whether or not she is queen of them all.

Her Officers.

The Wheeling will have the following complement of officers:

Captain—Thad S. Thomas, of Clarksburg.

Pilots—Erne Clark and Walker Little, of Clarksburg.

Mate—John Wesley Sulter, of Wheeling.

Engineers—Cy Higgs and Charles Higgs, of Franklin.

Steward—George Bowers, of Wheeling.

The clerks have not yet been finally determined upon.

Captain George H. Uppman will remain as master of the Leroy in the Wheeling-Clarksburg trade. The Clarksburg trade without the hustling, energetic Uppman wouldn't seem natural.

Owing to the election excitement of the last three months, the people of Wheeling have allowed to slip by an opportunity to do the graceful thing by presenting the City of Wheeling with a suitable testimonial, in recognition of the act of Messrs. Thomas and Uppman in naming their craft after this city. Of course it is realized that the city, as a municipal corporation, is legally unable to do anything, but the people themselves ought to have got together in a simple act of courtesy. It is not too late to act now.

When the Wheeling arrived last night, Captain Thomas had about decided to send out the new boat on her first trip in the Wheeling-Parkersburg trade, this morning, but after inspecting the Intelligencer's river telegrams, showing three feet and stationary at Davis Island dam, it was decided to defer the initial trip until there is more water, which is expected before the close of the week.

German in Five Weeks.

The public is cordially invited to-day to the opening of Dr. Haupt's course of German lessons at 10:30 a. m. and 4:20 and 8 p. m., in Hilbert hall, 1314 Market street. The exercises incidental to this opening are of such a nature in novelty that they are very enjoyable and whether you wish or do not wish to know the language of the Germans, you are welcome to the enjoyment of to-day's talks and lessons of this successful teacher who may never again give another course of his wonderful lessons in this city. Everybody invited to investigate to-day and to-morrow yet.

Chrysanthemum Bazaar.
